Residential wastewater charges are based on 100% of metered water consumption based on quarterly readings. Residential wastewater charges for the two summer quarters are based on winter quarters in order to avoid wastewater charges for water not watering the wastewater system, i.e. Car washing, lawn and garden watering. Depending on actual meter reading dates the summer watering period extends from about March 1 to September 1. Residential customers anticipating significant water usage not requiring wastewater treatment outside of this period should contact the Water Utility at 715-232-2395 for a wastewater charge adjustment PRIOR to the time the water is used.

Additional flat rate charges per quarter

Landfill charge - Solid waste user fee is $10.50 per individual unit per quarter. Senior citizens must apply for discount at city hall, senior rate is $7.65 (Rate was approved for January 1st, 2010 per City Council)

Recycling charge - $6.75 per quarter and $9.45 for larger apartment units over 4 units with their own meter

Storm water charge – Residential charge is $10.00 quarter. All other accounts are based on square footage of the property. (Storm water was created in January 2008, which started at $8.00 per residential unit.)
