TO: Airport Commission
FROM: David Schofield, Director of Public Works
SUBJECT: Staff Comments
DATE: June 18, 2025 Airport Commission Meeting

Agenda Item # 4: Discuss CTAF/UNICOM frequency change.

The CTAF/UNICOM frequency change to 123.075 MHz was approved by FCC and FAA and went into effect on June 12, 2025.

At the May 21, 2025 Airport Commission meeting the Chairman asked that this be placed upon this agenda for further discussion.

Agenda Item # 5: Discuss AWOS Telephone Line.

It was previously possible to call into the AWOS system by telephone. On April 23, 2025, 24/7 Telecom terminated copper telephone lines to the AWOS. 24/7 Telecom also disconnected all of the City's other copper telephone lines as part of a coordinated attempt to eliminate costly maintenance of this legacy system.

According to FAA Advisory Circular AC 150/5220-16E, an airport may, but is not required to, provide telephone dial-up service to access the AWOS.

Between January 1, 2025 and the end of service, the system received 585 calls or approximately 5.2 calls per day.

Agenda Item # 6: Discuss PAPI Replacement Project

WisBOA has advertised a request for proposals for engineering design for the PAPI replacement. According to WisBOA the existing PAPI's still have available service life as defined by most of the funding programs. However, they indicated that the Infrastructure Investment and Jobs Act (IIJA) is based upon different criteria and so believe we can proceed.

Several engineering consultants have contacted City Staff and appear interested in the project.

Agenda Item # 7: Discuss 18/36 Approaches.

Chairman Johnson asked for this to be placed on the agenda for an update.

Agenda Item # 8: Discuss WisBOA Project Manager Change

The WisBOA Project Manager assigned to KLUM has changed twice in recent months. The previous WisBOA Project Manager was a gentleman named Tyler Leslie. Mr. Leslie left WisBOA in April 2025. KLUM was reassigned to a gentleman named Mat Brynick. City Staff were informed that Mr. Brynick left WisBOA on June 10, 2025 and that the new WisBOA Project Manager would be a gentleman named Dan Minarcik.

City Staff will attempt to invite Mr. Minarcik to an upcoming Airport Commission Meeting for an introduction.

Agenda Item # 9: Airport Manager's Report

A copy of the Airport Manager's Report is attached.

Agenda Item # 10: Next Meeting Date/Time

City Staff would suggest Wednesday July 16, 2025 at 6pm at City Hall.
