Runways and Taxiway

Several PAPI lamps replaced

Notam issued for birds on and in the vicinity of the airport

FBO and Terminal Buildings

Terminal Air conditioning unit coils froze over and began leaking above vending area.- Halverson Brothers called out to check Freon charge.

Fuel System

Someone reported that it was very hard to see fuel terminal screen in direct sunlight, found clear vinyl overlay scratched, torn and taped over.

Saturday evening got a call that the reader wasn't working. Unit would work fine if cabinet door was slightly tilted.

Sent out an email to QT Technologies for a quote on repair parts and possible terminal cover for protection.
