2012	135	2013	106
------	-----	------	-----

Year to Date Comparisons

2012	497	2013	419
------	-----	------	-----

Runways and Taxiways

A request put in for the following:

- a) Replace temporary asphalt patch material at fuel island and hangar row.
- b) Sweep ramp
- c) Replace damaged or missing taxiway marking post.
- c) Rodent removal

FBO and Terminal Buildings

FBO building project completed

Fuel System

Airport manager's computer was replaced with used serviceable. QT Technologies(fuel management card reader system) was contact to help transfer software and files to the replacement computer. The service charges from QT technologies neared the cost for 1 years service contract. City opted to purchase 1 service plan at a minimal additional cost.

Request put in to paint around Fuel Island

Fire Safety

Snow removal and mowing

Considerations should be made for future snow removal procedures around new runway lighting.

Conference room

Used several time for
Flight ground school
Rotary Club
Nature valley Bike Tour
Menomonie Airfest and Autorama planning group
Trimble Dental
Joint City Meeting
Sky Dive Twin Cities Training
